Factsheet as of end of October 2025

Fund Profile

Cardano ESG Transition Enhanced Index Equity Emerging Markets invests in listed equities of companies in Emerging Markets. The objective is to approach the benchmark return as much as possible through a systematic investment approach, taking into account the Cardano Sustainable Investment Policy. The fund promotes environmental and social characteristics as referred to in Article 8 of the SFDR, pursuing one or more long-term Cardano Sustainability Objectives. Investments for this fund are made only in companies categorized by Cardano as 'adaptive', 'sustainable' or 'positive impact', so that investments are made both in companies that are already sustainable as in companies that are willing and able to make the transition to a sustainable world. This results in a deviation (tracking error) from the index. The cash that become available due to the exclusions, is invested such that the tracking error is minimized. All companies in the investment universe are assigned an ESG score, combining to a weighted ESG score for the fund. The currency risk is not hedged.
