

Fund Profile

Cardano Duurzaam Mixfonds Offensief primarily invests, through underlying Cardano funds, in listed global equities and listed European real estate companies, as well as sustainable corporate bonds denominated in euros. In addition, the fund may invest to a limited extent in short-term bonds and other investment categories, including "high yield" bonds and "emerging market debt". The objective is to at least match the return of the composite benchmark using an active investment strategy, and taking into account the Cardano Sustainable Investment Policy. The investment policy responds to market developments and economic outlook. Depending on this, an allocation across the investment categories is chosen. The fund promotes environmental and social characteristics as referred to in Article 8 of the SFDR, pursuing one or more long-term Cardano Sustainability Objectives. Investments for this fund are made only in companies and institutions categorized by Cardano as ‘adaptive’, ‘sustainable’ or ‘positive impact’. All companies and institutions in the investment universe are assigned an ESG score, with the fund portfolio striving for the highest possible ESG score. Currency risk is not hedged.
