

Fund Profile

Cardano Ultra Long Duration Fund invests in bonds, interest rate derivatives, money market instruments and participations in money market funds. The Fund's investment policy follows an interest rate risk policy that can be used to hedge the interest rate risk of liabilities for pension or insurance products. The fund promotes environmental and social characteristics as referred to in Article 8 of the SFDR, pursuing one or more long-term Cardano Sustainability Objectives. Investments for this fund are made only in companies and institutions categorized by Cardano as ‘adaptive’, ‘sustainable’ or ‘positive impact’, so that investments are made both in companies and institutions that are already sustainable as in companies and institutions that are willing and able to make the transition to a sustainable world. All companies and institutions in the investment universe are assigned an ESG score, combining to a weighted ESG score for the fund.
