Cardano ESG Transition Emerging Markets Debt (H.C.)

Factsheet as of end of October 2026

Fund Profile

Cardano ESG Transition Emerging Markets Debt (H.C.) invests exclusively in emerging market government bonds and other tradable fixed-income debt securities issued by emerging markets government and (semi-) government agencies, or government-related companies. The objective is to at least match the return of the benchmark using a systematic investment strategy, and taking into account the Cardano Sustainable Investment Policy. The fund promotes environmental and social characteristics as referred to in Article 8 of the SFDR, pursuing one or more long-term Cardano Sustainability Objectives. Investments for this fund are made only in (bonds of) companies and institutions categorized by Cardano as ‘adaptive’, ‘sustainable’ or ‘positive impact’, so that investments are made both in companies and institutions that are already sustainable as in companies and institutions that are willing and able to make the transition to a sustainable world. Currency risk is hedged as much as possible.
